Reduction of the octroi duty on chewing tobacco in Srivilliputtur Municipality

The chewing variety of tobacco is produced in Srivilliputtur Taluk but the ~~same~~ variety that is used in the beedi industry is an imported variety. This recommendation is also made in view of the fact that the reduction of octroi duty on tobacco was not effected (vide - Collection nil 93-50-4 placed below) in the interest of maintaining the financial stability.

4) The point for order is to reduce the octroi duty on chewing tobacco from Rs 0-8-0 to Rs 0-4-0 per maund in Srivilliputtur Municipality.

Subject - Reduction of Octroi duty on chewing variety of Tobacco imported into the limits of Sira Town 88-48-8

=0=

In forwarding herewith the records ending with letter No H C 70/50 51 dated 16 3 1951, of the President, Town Municipal Council, Sira on the above subject, I write to state as follows -

Government in their order No L 85 7 Ml 88-48-85 dated 4 7 1949 have accorded sanction to the levy of Octroi duty at eight annas per maund or tobacco coming into the limits of Sira Town Municipality The Municipal Council at its meeting held on 30 11 1949 passed a resolution for the reduction of duty on this commodity from Rs 0-8-0 to 0-4-0 per maund or 28 lbs But this proposal was not approved by me in the interest of maintaining the financial stability of the Municipality

The subject was discussed by me in detail with the President and some of the Municipal Councillors on 12 2 1951. Sira Taluk is a tobacco growing area and the tobacco that is produced is of the chewing variety the one that is used in the beedi industry is an imported variety Consequent on the levy of Octroi duty on this article it is represented that most of the stocks which ordinarily used to be brought into Sira Town for sale and transport out side are being stocked and dealt with outside the Municipal limits and that the Municipality is therefore losing heavy revenue

It is hoped that with the reduction of Octroi duty on the chewing variety

of tobacco many wholesalers who have established their shops in the nearby villages for ~~transaction~~ business in this variety of tobacco will shift to Sira Town and that the Municipality would be financially benefitted in the long run I therefore suggested to the Council that the rate might be reduced on tobacco graded and fit for chewing from 0 8 0 to 0 4 0 The Municipal Council has accordingly proceeded to reduce the rate on this particular quality of tobacco at its meeting held on 28 2 1951, copy of which is enclosed for perusal

In view of the facts stated above I request you kindly to obtain sanction of Government to the reduction of Octroi duty from 0-8- 0 to 0-4-0 per maund on the chewing variety of tobacco as resolved by the Council on 28 2 1951

Yours faithfully,

Deputy Commissioner, 28/3/51
Tumkur District
